

JOBSHOP PROJECT- PROMOTING EXCELLENCE

WELCOME BACK

We would like to extend a special welcome back to all our funders, partners as well as our Jobshop students. The vision remains the same; *bettering life of previously disadvantaged communities, these are communities of people who were deprived of opportunities most others would take for granted - the ability to sustain themselves.* This is our envisioned target which we can only be achieved by working together. Our Jobshop is still the one-stop-shop leading education and training centre.

SO WHAT CAN WE LOOK FORWARD TO IN 2019?

Update on what JOBSHOP has in store for this year.
